Postage of year at same rate.

### JOB PRINTING.

Book, and every description of Commercial and  
Law Printing, in the best manner at Gazette Job  
Rooms.

### A Proclamation by the Governor.

WHEREAS, the urgent demands for a revision  
of the general statutes, and the impracticability  
of perfecting a revised thereof at the regular  
session of the Legislature, constitute an extraor-  
dinary occasion within the meaning of the con-  
stitution:

Now, therefore complying with the request  
contained in the joint resolution approved  
March 21, 1878, and in pursuance of the authority  
vested by the constitution, I, William E.  
Smith, Governor of the State of Wisconsin, do  
hereby convene the Legislature of said State in  
special session at Madison, on Tuesday, the  
fourth day of June next, at twelve o'clock noon.

In testimony whereof, I have hereunto set my  
hand and caused the great seal of the  
State of Wisconsin to be affixed.

[I. S.] Done at the capitol in the city of  
Madison, this twenty-first day of May,  
in the year one thousand thousand eight hun-  
dred and seventy-eight.

By the Governor: WILLIAM E. SMITH.  
Hans B. Warner, Secretary of State.

### SYSTEMATIC COERCION.

It is interesting to understand how the  
game was played by Tilden's agents to get  
the Potter resolution through the House.  
Not more than two weeks before this resolu-  
tion was offered, every member of Con-  
gress then in Washington was personally  
visited by well-known and responsible  
newspaper men, and his opinion as to the  
propriety of investigating the Presidential  
title, carefully taken down in as brief a  
manner as possible. Then there were only  
twenty-one members absent. When the  
question was put directly to each mem-  
ber present, as to whether he was in favor of doing  
anything to disturb the title to the Presi-  
dency, he answered according to his convictions,  
knowing that the opinion he then  
gave would be published to the world.  
What was the result of that interview?  
Out of the 263 members in the House, 207  
answered that they were absolutely opposed  
to any interference with Mr. Hayes' title.  
Fifty were averse the fence, and gave no positive answer one way or another.  
Of the Democrats, ninety-four said they  
were opposed to any investigation into the  
Presidential question, and only 13 said they  
were in favor of it.

A political phenomenon is the  
change of front which the Democrats have  
made in three weeks. What has come  
over the spirit of their dreams? What in-  
fluence has been brought to bear upon 94  
Democratic Congressmen to make them  
change about completely in regard to the  
investigation? What has Tilden been  
doing? What have his agents been doing?  
Has he or have they threatened with wrath  
or seduced with money? These things  
should be known, as a more remarkable  
"about face" in politics was never before  
known in this country.

It comes from pretty good authority that  
Mr. Tilden and his agents have been bull-  
dozing that portion of the Democratic  
members of Congress who have publicly  
declared that they were against investiga-  
tion. It is quite evident that something of  
the kind has been done, as it is not possible  
that 94 members could be unanimously  
converted over to Tilden, when they knew  
as much of the Florida business when they  
were interviewed three weeks ago, as they  
did last week when they voted for the Po-  
tter resolution. The question then is have  
they been coerced or have they been  
wittingly seduced by the power of mon-  
ey? It is very important that the public  
should know something about which is  
which. The opinion which generally pre-  
vails is that a systematic coercion was practiced  
by Mr. Tilden's agents. The desire  
to return to Congress on the part of the  
present members, and the fear that should  
they oppose the resolution the Tilden ring  
would furnish candidates to run against  
the stubborn ones, was a powerful influence  
in bringing the Democrats into line. In  
fact it is stated on authority which cannot  
be denied, that this system coercion adopted  
the Potter resolution. Rather  
than to incur the displeasure of Tilden's agents, or run the  
risk of being beaten in the nominating  
conventions by men selected for that pur-  
pose by the secret agents of Tilden, they  
concluded with astonishing unanimity, to  
allow principle to be laid on the altar of  
sacrifice, and they themselves to be ruled and  
fashioned as Tilden's ambition and in-  
trigue dictated. This is the sum and sub-  
stance of the whole matter.

### THE CONSUMPTION OF COFFEE.

The official report on Commerce and  
Navigation, and the annual reports of the  
Chamber of Commerce of New York, pub-  
lish some interesting statistics regarding  
our trade in coffee. A statement is pub-  
lished showing the quantity and value  
of coffee imported into the United States  
from Brazil and from all other countries  
during the last twenty-one years. The  
quantity imported and consumed in this  
country is truly astonishing. During the  
twenty years ending June 30, 1876, there  
were imported into the United States four  
billions four hundred and twenty-nine  
millions thirty-eight thousand and three,  
hundred and forty-two pounds of coffee  
the value of which was \$45 millions of dol-  
lars. Only about 100,000 tons of this  
coffee was re-exported, which make the total  
quantity consumed by the people of the  
United States more than 2,100,000 tons in  
twenty years or more than 200 million  
pounds per annum. Of this great quantity  
imported, Brazil furnished three billions  
three hundred and thirty-three millions  
five hundred and ninety-six thousand  
and eight hundred and ninety-three  
pounds, for which the United States have paid to  
that country during the last five years over 20 millions  
dollars per annum, in gold, for the item of  
coffee.

The entire revenue received by the Gov-  
ernment from the importation of this vast  
quantity of coffee, is \$4 millions of dollars,  
or an average of over seven millions a year  
during the time when a duty was placed  
on the article. For eleven years—1862-72,  
both inclusive—the rate of duty was from

Miscellaneous News.

### THE EAST.

The Situation as Reported from St.  
Petersburg. The Czar's Conces-  
sions.

LONDON, May 22.—The correspondent of  
the Herald in St. Petersburg telegraphs as

follows: "It has transpired that the Czar  
insists on the possession of Kars and Arda-  
han, but is willing to renounce Batoum.

This is the utmost limit of the concession

he is prepared to make in Asia. With re-  
gard to the limits of Bulgaria, he is per-  
fected satisfied to leave the decision to the  
congress. Prince Gortschakoff regards the  
meeting of the latter body as certain  
to take place about the middle of June."

### WISCONSIN NEWS.

Review of the Madison Fire Depart-  
ment—Sulcide at Middleton.—The Crops.—A Horrible Occurrence near  
Green Bay.—Death of Thomas Mc-  
Nulty, of Shullsburg.

Special Dispatch to the Janesville Gazette.

MADISON, May 22.—The annual inspection  
and review of the Madison Fire Depart-  
ment took place this forenoon, the review  
being conducted by Mayor Smith and the  
Common Council. The parade was

large, and the companies acquitted them-  
selves with honor.

A German, named August Dupke, com-  
mitted suicide, last night, at East Middle-  
ton, in this county, by hanging himself.  
The cause that led to the rash act is un-  
known.

Vegetation is fully three weeks ahead of  
any previous year. The weather is very  
favorable to grain and grass, while corn is  
doing well. Everything looks well for an  
immense crop in this section of the State.

MONTICELLO, Wis., May 21.—Nearly all  
the corn has been planted for three weeks,  
but does not grow on account of the cold,  
wet weather. Spring wheat, oats, and rye  
never looked better.

ROCKBRIDGE, Wis., May 21.—The recent  
storms have done very little damage to  
small grain. In fact, never better prospects  
for a good harvest. Corn nearly all plant-  
ed and coming slowly.

MINERAL POINT, May 21.—Small grains  
of all kinds look very promising; have  
not been hurt by the rain. But little corn  
up yet.

GREEN BAY, May 21.—A horrible affair  
occurred in this county two or three days  
since. A woman was killing chickens by  
chopping their heads off, the proceeding  
being watched by two young children, who  
determined to follow her example. The  
little girl placed her neck on a block while  
her young brother severed her head. The  
father saw the terrible occurrence from  
the top of a hay-mow, and is hastening to avert  
the tragedy he felt, breaking his leg. The  
mother came to town to get a coffin for her  
child. The name of the family was not  
known.

GALENA, May 21.—Mr. Thomas McNulty,  
one of the leading and most influential  
merchants of Southern Wisconsin, died  
last evening at 8 o'clock at Shullsburg, La-  
Fayette County, Wis. The commercial  
circles of Chicago, New York and Boston,  
and hosts of friends throughout the West,  
will sincerely regret his departure. He  
was truly a man "without fear and without  
reproach."

GREEN BAY, May 21.—United States  
District Attorney Hazleton is in town to  
day looking over some charges of illicit  
dealing in Indian timber. Late this after-  
noon a party named Bird was arraigned  
for alleged stealing timber on the reserva-  
tion. The case is not concluded.

WATERSTOWN, May 21.—The investiga-  
tion committee on the Delavan Institute  
scandal case met Monday afternoon at the  
Waterston Junction House, and received  
the testimony of Miss Emily Eberle, of  
this city, who was an inmate of the Dela-  
van Asylum for some years. The investi-  
gation was conducted with closed doors.  
Miss Eberle's testimony occupied the  
afternoon and evening, when the  
committee adjourned to meet today at  
Lowell, to take the evidence of Mrs. Kloung,  
after which the committee will return here  
and cross-examine Miss Eberle. It transpires  
that the testimony of Miss Eberle does not reflect in the least upon the  
defendants in the scandal case, and gives lit-  
tle aid or comfort to the prosecution.

### NOT RETIRED.

The Senate Kills the Bill Placing  
Grant and Shields on the Retired  
List—A New Proposition.

WASHINGTON, May 21.—The only interest  
in the Congressional proceedings to-  
day was found in the debate on the Shields  
bill. It was expected that Conkling would  
speak, as he intimated yesterday he should do,  
and a large crowd gathered in anticipation,  
but he did not open his mouth except to  
vote. The Sargent amendment, which  
was voted on in committee of the whole  
yesterday, was concurred in by the Senate  
proper to-day by a vote of 32 to 28, and  
when the Democrats found that  
Grant was going on the retired

list if Shields did, Thurman offered as a  
substitute for the whole matter a bill which  
had already passed the House, giving  
Shields an extraordinary pension of \$100 a  
month. This was in the nature of a com-  
promise, but neither Shields' friends nor  
Grant's friends would accept it. The  
Republicans who voted for the  
Thurman proposition were General  
Burnside, Christianity, Conkling, Conover,  
Edmunds, Hoar, Morrill and Wadeleigh.  
On the final vote on the bill which killed it,  
the ayes were 30 and the nays were 34.  
Republicans who voted against its passage  
were Booth, Christianity, Edmunds, Hoar,  
Hovey, Kirkwood, Oglesby, Rollins, Saun-  
ders, Teller and Wadeleigh. Lamar voted  
consistently to place Grant on the retired  
list. New an effort will be made to give  
Shields a pension of \$100 a month.

Valueable War Instrument.

Army and Navy Journal.

WASHINGTON, May 21.—It is expected  
that the debate on the army bill will be  
completed by to-morrow, when a motion  
will be made by the Republicans to strike  
out the entire bill, with the exception of  
the clause providing for the appointment of  
a military commission to reorganize the  
army. This will relieve the House of absurd  
incongruities which Hewitt has been  
guilty of in framing the present bill, and  
place the reorganization of the army, if it  
must be reorganized, in competent hands.  
The Republicans expect they can carry  
this motion, with the aid of the Texas  
members and other Democrats. A careful  
canvass of the House has been made,  
which shows a majority of four against  
Hewitt's bill.

CILMORE.

Gilmore's Band in London—Their  
Dances in Europe.

LONDON, May 22.—The first concert of  
Gilmore's Band took place at the Crystal  
Palace yesterday evening, commencing at  
6 o'clock. The concert halls were decorated  
with American flags, and the audience  
numbered 3,000 people, and was very enthusiastic.

The Americans have been successful so far.  
In Dublin and Liverpool the success was  
very marked, and the audiences enthusiastic.

The grand fete will

take place to-day at the Crystal Palace.

### MINNEAPOLIS FLOUR.

NEW YORK, May 21.—The special train  
of twenty cars of flour, which left Minne-  
apolis on the evening of the 16th inst., via  
Chicago, Milwaukee and St. Paul, Michigan  
Central, Great Western and Erie rail-  
ways, arrived here last evening and was  
delivered to the steamer for London this  
morning, making the fastest time ever  
made.

Out of Tune.

When the tones of a musical instrument become  
harsh and discordant, we say it is "out of tune."

The same may be said of that far more wonderful  
and complicated piece of mechanism, the human  
structure, when it becomes disordered. Not only  
actual disease, but those far more common causes  
overwork, mental anxiety, and fast living, may  
impair its vigor and activity. The best remedy  
for a partial collapse of the vital energies, from  
time as from other causes, is Hostetter's Stom-  
ach Bitters, which is at the same time an agreeable  
and mind-cheering cordial, and the best pos-  
sible invigorant in all cases of debility. It is an  
incomparable stomachic and anti-scorbutic medi-  
cine, eradicates fever and ague, and prevents sub-  
sequent attacks. It remedies with certainty and  
thoroughness bowel and kidney complaints, dys-  
pepsia, nervousness, rheumatic troubles, and  
many other bodily ailments. It also counteracts  
influences which predispose to disease.

Post Office hours.

Daily from 8:00 a.m. to 5:00 p.m. On Sundays from 12:30 to 1:00 p.m. Money Order and Registered Letter Department open from 8:00 a.m. to 12:30 p.m., and from 1:30 to 5:00 p.m., except during the time of the Post Office hours. Orders for stamped envelopes, postal cards and Wrappers for sale at East front wicket from 8 a.m. to 5 p.m. Orders for stamped envelopes with return card printed thereon, should be left at the Money order Department.

On Saturday night only, a through pouch from Chicago is received on the Fond du Lac train; and on Sunday morning only, a through pouch is made up and forwarded to Chicago on the 7 o'clock train.

By reading this table carefully, the public can post themselves thoroughly upon the arrival and departure of all the trains, which should avoid much inconvenience to themselves.

H. A. PATTERSON, P. M.

MILTON JUNCTION.

Clement Brothers and Forrester were on hand as advertised, at Morgan's hall, on Thursday night with an entirely new programme from that given here before. Mr. Stanley, the woman personator, was a prominent feature of the entertainment. Mr. Stanley in this role is a success. Although two doors had been allowed to advance they had a good house.

We have had the frost here in this locality lately all of which did very little damage save strawberries and currants. The former seem pretty generally killed. Potato tops that were up enough got nipped and turned black.

Mrs. Abel C. Burdick has been very ill for three weeks past, and is not out of danger yet.

Whipple's photograph car left here on Friday. It went to Edgerton.

N. E. Maxon, spent two days in Chicago the past week in purchasing a stock of dry goods and notions for the cooperative store.

Mrs. Dr. Wing, is quite sick with erysipelas.

The young gentlemen who threw shot upon the floor the other evening at the concert, to the great annoyance of the troupe and the audience, and who are supposed to be the same disturbing element which has frequented public meetings, religious and otherwise for a year or so past, would do well to take warning as that kind of patronage will not be tolerated longer.

The rain on Saturday and Sunday was just in time to save the ground from becoming hard and baked, it had begun to feel the want of its top.

Mr. C. H. Palmer left on Monday night for Pennsylvania, to spend the summer, whether his wife preceded him two months ago.

Mr. Henry Morton left for Northfield, Minnesota, last week where he has formerly resided, the close of his suit for damages in the Circuit Court rendering his further tarry here unnecessary.

Mr. John Owen and wife, of Randolph, Wisconsin, have been spending a few days in this village visiting their daughter, Mrs. Geo. Button.

Mr. Wm. Roberts is already showing his friends a fine display of flowers in the Hotel Gardens and is making calculations for quite an extensive floral display during the summer.

The fishing grounds have been yielding a generous supply of finny game lately, the continued rains and high water being favorable for good fishing.

The lecture and strawberry festival of Saturday night came off as per postponement, but a more auspicious night could hardly be imagined. It commenced raining quite hard, so early in the evening, as to deter all who live out of town coming, and even those in town were largely kept at home by the storm. From eight to a hundred listened to the really entertaining and instructive lecture of the reverend gentleman, whose travel and botanical research and contributions, although yet a young man, has already placed his name in the front rank of botanical explorers and scientists in this country and in Europe. About seventy-five persons did what they could after the lecture to keep forty quarts of delicious strawberries from spoiling, and we think they saved nearly all of them with the help of lots of rich cream.

The Northwestern railroad is laying steel rails on its line on this section of its road. The passenger trains on that road commence their new time table on Monday of meeting here at 1:30 p.m.

Mr. Wm. Frost has moved to Lima.

The telephone lever is raging bad in this town, several lines already in operation and more projecting, they are very convenient novelty.

Professional Tramps.

Alta California.

The fools are not all dead yet. Sergeant Bates is alive, it is reported, and in destitute circumstances. Does he deserve any particular sympathy? He carried the American flag, in time of peace, through the Southern States. Then he carried it throughout England. Suppose an Englishman should walk all through the United

States carrying the British flag! What good would it do? Who would care? Then Weston got a good deal of free advertising by walking and getting beaten. What good did his walking do? Then came O'Leary, and bilked the public hereabouts by walking and sleeping, the count of his miles continuing while he slept, just as if he were walking. Another fellow attempted, a few days ago, to beat his time for six days, but fell short more than a hundred miles. What good to anybody or any cause have those fellows' walking done? We limb, muscle, sinew, bone, breath, endurance given them for no better purpose than to waste all for naught? Has anybody been made wiser, better, or richer by this leg-mania nonsense? And now comes another maniac, proposing to walk forty miles daily, Sunday excepted, during two years, and thus accomplish a walk around the earth—in a horn! Bates, Weston, O'Leary, Henderson, and the rest of you, why can you not do some useful work and so earn an honest living?

CLOSING OUT SALE.

GROCERIES, &c.

PICKNEY & JACKSON'S SPICES.  
These Spices are absolutely pure, and are guaranteed full weight. For sale at DENNISTON'S.

LUSHIN'S FLAVORING EXTRACTS,  
the best in the market. Orange, Flowers and Rose Water, at DENNISTON'S.

Post Office hours.

Daily from 8:00 a.m. to 5:00 p.m. On Sundays from 12:30 to 1:00 p.m. Money Order and Registered Letter Department open from 8:00 a.m. to 12:30 p.m., and from 1:30 to 5:00 p.m., except during the time of the Post Office hours. Orders for stamped envelopes, postal cards and Wrappers for sale at East front wicket from 8 a.m. to 5 p.m. Orders for stamped envelopes with return card printed thereon, should be left at the Money order Department.

On Saturday night only, a through pouch from Chicago is received on the Fond du Lac train; and on Sunday morning only, a through pouch is made up and forwarded to Chicago on the 7 o'clock train.

By reading this table carefully, the public can post themselves thoroughly upon the arrival and departure of all the trains, which should avoid much inconvenience to themselves.

H. A. PATTERSON, P. M.

MILTON JUNCTION.

Clement Brothers and Forrester were on hand as advertised, at Morgan's hall, on Thursday night with an entirely new programme from that given here before. Mr. Stanley, the woman personator, was a prominent feature of the entertainment. Mr. Stanley in this role is a success. Although two doors had been allowed to advance they had a good house.

We have had the frost here in this locality lately all of which did very little damage save strawberries and currants. The former seem pretty generally killed. Potato tops that were up enough got nipped and turned black.

Mrs. Abel C. Burdick has been very ill for three weeks past, and is not out of danger yet.

Whipple's photograph car left here on Friday. It went to Edgerton.

N. E. Maxon, spent two days in Chicago the past week in purchasing a stock of dry goods and notions for the cooperative store.

Mrs. Dr. Wing, is quite sick with erysipelas.

The young gentlemen who threw shot upon the floor the other evening at the concert, to the great annoyance of the troupe and the audience, and who are supposed to be the same disturbing element which has frequented public meetings, religious and otherwise for a year or so past, would do well to take warning as that kind of patronage will not be tolerated longer.

The rain on Saturday and Sunday was just in time to save the ground from becoming hard and baked, it had begun to feel the want of its top.

Mr. C. H. Palmer left on Monday night for Pennsylvania, to spend the

CITY AND COUNTY.

## BRIEFLETS.

The sun beams again.  
—Poor picking for picnics.  
—Shall Janesville decorate?  
—Show no quarter to those who want to teach you a pretty coin-trick.  
—The Red Ribbon Club hold their regular business meeting this evening.  
—Mr. A. T. Hart and family reached Janesville just twenty-five years ago to-day.  
—Justice Prichard has so far recovered from his illness as to be able to preside as usual to-day.  
—See Heimstreet's advertisement in another column. By reading it you can save just one dollar.

The water is so high in the river, and the current so swift that the boat races set for to-morrow have been indefinitely postponed.

—Mr. Charles Withington is building a shed on Milwaukee street, next to P. Conners', for the storage and exhibition of resuers.

—Do not forget that Cris. T. Wright, at his Carrage Repository, has got the best single top buggies for the price, in the city of Janesville.

If the weather is favorable the trotting matinee which was to have taken place last Saturday will surely take place next Saturday.

—Do not forget the great sale of blooded stock by H. B. Sherman, at the Plankinton House, Milwaukee, at his Spring Brook farm, Barrett Junction, Dodge Co., on Thursday May 30th.

Sundry strange reports are being circulated concerning the next graduation at the High School. The fact is the next class will graduate one year from this spring, and not before.

—Mr. G. W. Hawes, the well known grocer, wants to purchase good butter, as will be seen by his advertisement in another column. He is selling first class groceries at lowest prices at the same time.

—Roll Godfrey to-day plead guilty to assaulting Stanley Benton, a neighbor in the town of Luma, and was fined \$5 and costs by Justice Balch. Benton commenced a civil action also, but this was settled.

—Mrs. McNece, wife of Mr. James McNece, a well-known and highly respected farmer of the town of Bradford, died yesterday after rather a protracted sickness. Mr. McNece has been serving as a jurymen at this term of the Circuit Court.

—The Red Ribbon Club have offered to give the Young Men's Association a room free of rent, if the latter will move into the building rented by the red-ribbons, and place their library there. It is doubtful if the offer is accepted, at least for the present.

—Mesers. Hodge & Buchholz have a large stock of phæton hats, carriages, wagons &c., which they are offering at about one-half the prices charged two years ago. They furnish superior work, as all who have purchased of them know. Read their card published elsewhere, and examine their stock.

—Stephen Caniff was brought before Justice Prichard this morning charged with larceny. He pleaded guilty to the accusation, and will be given his sentence to-morrow morning. He proposes to squeal upon some whom he claims received the stolen property, and there may be some interesting details.

—McKey & Bro. have just opened immense lines of novelties in millinery. Their display of pattern hats and bonnets, French flowers, fashionable ribbons, ornaments and trimming materials is unequalled in the State, and the press of orders in their trimming department shows that the enterprise of this firm is appreciated by the ladies of this city.

—Miss Exilda LaCapelle will commence a hundred mile walk at Lappin's hall next Friday evening, and promises to walk it in less than twenty-four hours. Those who saw her walk before here, know that she is a wonderful pedestrian, and that she walks squarely and fairly. This walk will, of course, cause more interest as she proposes to better her previous time by two hours.

—Bur. Robbins has before him the following route for his Allied-Shows: Plattsburgh, Thursday, May 23d; Lancaster, Friday, 24th; Boscobel, Saturday, 25th; Muscoda, Monday, 27th; Highland, Tuesday, 28th; Mineral Point, Wednesday, 29th; Dodgeville, Thursday, 30th; Mazomanie, Friday, 31st; Lodi, Saturday, June 1; Columbus, Monday, June 3; Beaver Dam, Tuesday, June 4.

—The new castle of the Knights of Pythias will soon be ready for occupancy, and will doubtless be fitted up completely about the first of June. It will be one of the finest lodge rooms in the State. The floor is to be covered with Brussels, the walls adorned with elegant red and gilt paper, and the ceiling of blue tint. The hall is high, airy and convenient. An ante-room, property-room, waiting room and store room are also conveniently located, and will be fitted up in an attractive manner.

—Mr. George K. Colling, who has been occupying the position of leading tenor in the Congregational church for several years, has resigned the position. Mr. Colling has been a faithful musical worker, constant in his attendance, and has filled the position to the great satisfaction of church and congregation. The choir will feel the loss, but Mr. Colling deemed the work too arduous, and found his time too closely occupied with other matters to give it the attention which he deemed necessary. The well-wishes of his fellow musicians will ever be his.

—Harvey Miller, of Clinton, who came to this city as a witness in the Lawrence case, on trial in the Circuit Court, got gloriously drunk yesterday afternoon, and last evening went into a saloon, fell asleep, and on awakening declared he had been robbed of his gold watch and chain, and about \$70 in money. It appeared on late investigation that one of his friends had the watch and chain in safe keeping, fearing he might lose it, and that he did not have as large an amount of money, and

was not robbed of any of what he did have. He managed to keep the officers on a wild-goose chase for several hours, though.

## ANNUAL ELECTION.

The Young Men's Christian Association make up their Official Roster for Another Twelve-month.

The Young Men's Christian Association held their annual meeting at their rooms this morning, Mr. J. A. Cunningham acting as President, and Prof. Sibley as Secretary.

The annual report of the Treasurer, Mr. James Sutherland, was received and adopted, showing the receipts to have been about \$81, and the balance in the treasury about \$7.

The balloting for officers was then proceeded with and resulted as follows:

President—J. H. Kinney.  
Vice-President—J. B. Carle.

Recording-Secretary—Frank D. Jackson.  
Corresponding-Secretary—W. G. Wheelock.

Treasurer—James Sutherland.  
Collector—John Sutherland.

Directors—Lewis Hunt, Presbyterian church, Robert Acheson, First Methodist church, George Held, Court Street Methodist church, N Dearborn, Baptist church, J. A. Cunningham, Congregational church.

On motion it was decided to suspend the Wednesday evening prayer meeting until such time as the Directors should deem it best to reappoint it.

Considerable discussion was had as to the embarrassing position in which the Association had been placed by announcements being made of all sorts of services held in the rooms, and which the public generally thought were held under their auspices. The facts were explained that the Association rent the rooms of the Young Men's Association for their meetings, and that the Young Men's Association rent to other parties for various purposes. Hence it happens that often a meeting is held there, and announced as being held at the Young Men's Christian Association rooms, so that the public get the idea that the latter Association fathers and endorse all these meetings and they are held under their auspices. This is not the fact, and the association desired to have the people at large understand that they do not have control of the rooms. There seemed no way to prevent this misunderstanding and the discussion ended without action being taken.

Adjournment was then taken for one year.

The Young Men's Christian Association of Janesville is the oldest organization of the kind in this State. It was first started many years ago but was allowed to die out, but May 22, 1867 it was reorganized in its present form by H. M. Hart, and Frank S. Lawrence of this city, Mr. Deans, of Elmwood Grove, and Mr. Burnell, now an evangelist at large. For eleven years it has maintained a daily prayer meeting in the rooms, not missing a single day, and has in addition carried on other meetings, and done much general work, at the jail, holding cottage prayer-meetings, private visitations &c. The association has accomplished much good, and may be looked upon as one of the prominent and healthful organizations of the city. It is highly proper therefore that its members should greet with gratification the fact that to-day it reaches its eleventh anniversary, and starts out on its twelfth year with such flattering promises of still greater usefulness and more marked success.

## RAILROAD READING FOR BOYS.

An accident happened last evening which should prove a warning to the boys who are in the habit of jumping on and off railroad trains. John Donovan, a young man, has been in the habit of jumping on the trains as they slack up at the Bluff street crossing, and riding over to the depot. Last evening he tried the same feat but as he grabbed the railing of the platform of a car, he found he had struck just between the ties, and could not extricate himself. He let go his hold and fell backwards and was in that perilous condition as another train came along following the first. By giving a strong pull and a long pull, and a pull altogether, he managed to free himself, though in doing so he pulled off the whole bottom of his boot and tumbled headlong down the embankment, which is quite high and steep at that place. He escaped with a few bruises and scratches, but so badly scared, that he has sworn off, and will steer no more rides.

## MUSIC BY THE MILITARY.

To-night at the Opera house the Hessian Military Band will give a concert for the benefit of Mr. G. C. Fritz, their popular advance agent. As Mr. Fritz is an old resident of Janesville, the citizens here will doubtless bear the fact in mind and award the entertainment the liberal patronage it merits. These musicians give as fine a concert as any organization which ever appears in this city, and have reduced the price of admission to thirty-five cents and twenty-five cents. Such prices for a concert of this character should ensure a crowded house. Wherever they have appeared and those who have heard them here in this city will be among the foremost after tickets, that they may hear them again. The band will soon return to Europe, and this will doubtless be the last opportunity given to hear them. They have been in this country now since May, 1877, and have made a very successful tour of the country.

## BEFORE THE BAR.

In the Circuit Court to-day the case of the State vs. Walter Lawrence was still on trial. The prosecution closed yesterday and the defense made a motion that the prisoner should be discharged. This motion was denied this morning, the Court refusing to sustain it, and the trial proceeded. A number of witnesses on the part of the defense were examined, and an effort made by the prosecution to impeach one of them. The case is still in progress, and will not probably reach a verdict before to-morrow.

## SUCCESSFUL ENTERTAINMENT.

The Temple of Honor made a happy hit last evening. Their festival held in their own hall was one of the most enjoyable occasions of the season. It attracted a large number of the most prominent people of Janesville, and the company presented as attractive an appearance as any which could be made up by private invitation. The spacious hall was tastefully decorated, and several tables arranged by the ladies and presided over by them, were as attractive as flowers, rich table-ware, and abundant edibles could render them. Those who were present were unanimous in their complimentary allusions to the taste thus shown, and the beauty of arrangement, and showed that they appreciated the same by a liberal patronage. About 10 o'clock Anderson's band opened their musical repertoire, and shortly after, dancing was commenced, and continued till a late hour. With good music, and excellently stretched canary, there was nothing lacking to complete the delight of the participants. The receipts of the tables, sales of bouquets, and the dance amounted to about \$85. The occasion was not only a success financially, but reflected great credit on the Temple and showed that it has the sympathy and support of the best classes of people in this city. The ladies deserve especial praise for the untiring enthusiasm shown by them, and to them is due much of the praise for the success of the festival.

Taken as a whole the occasion was one of the happiest, most genteel, and throughout successful which has yet taken place, and the Temple should be proud of their success, and proud of the ladies who so willingly came to their aid.

## BASE BALL.

At Chicago yesterday: Cincinnati 18, Chicago 2.

At Milwaukee: Indianapolis 6, Milwaukee 5.

At Erie, Pa.: Cleveland 6, Erie 2.

At Rochester, N. Y.: Rochester 7, Buffalo 1.

At Hornellsville, N. Y.: Hornells 4, Allegany 0.

## THE WEATHER.

The thermometer at seven o'clock this morning stood at 58 degrees above zero, and at two o'clock at 69 degrees above. One year ago to-day at corresponding hours the thermometer stood at 49 and 63 degrees above.

The indications to-day are falling barometer, increasing easterly and southeasterly winds, warmer and partly cloudy weather, with rain.

## COOKSVILLE.

The frost on the night of 11th did not do as much damage as many anticipated at the time. A few varieties of apples were just in the right stage of blossoming to be injured but the most are unharmed, so it may be safe now to say that a bountiful fruit harvest may be expected.

Corn planted the last of April is not yet throughly sprouted, and in some fields the ground is so hard that it has been plowed up and replanted.

Last week was the only one in six months when the roads have been in decent condition for travel, but the rain Saturday and Sunday has put everything into a quagmire.

Mr. Charles Miller sold about one hundred and twenty fat hogs last week at three dollars per hundred. Not much money in hogs at that rate, but they will fill up the herds in Chicago, that are being filled up on their vacant lot.

Our merchants are paying from ten to

thirteen cents a pound for butter, but don't care to handle poor butter at any price.

J. T. Dow and wife start for northern Iowa this week, going with their own conveyance for a pleasure trip, and to visit friends at Carpenter and vicinity.

Rev. Mr. May preached a sermon last Sunday which, for the benefit of our community, should be heard.

The article on clover by B. S. Hoxie, published in the Gazette a few weeks since, has been copied into several State papers, as well as the "Western Rural."

—J. M. Bennett, of Evansville, who some months since bought the John Sears' farm, and adjoining one of Mr. Gillett, is having the barns remodeled and improved for the better convenience of stock, and is also building a commodious dwelling house.

Mr. H. Mason has leased the farms for five years and not a bushel of grain is ever expected to be sold from the place but fed to cattle and hogs. He is already milking thirty cows, one of the best herds for milking quality in this section of the State.

—We were shown some stalks of spring wheat to-day which measured two feet in length; this is pretty well for the 30th day of May.

—A grocery dealer at Elgin wants to try some of the Cooksville cheese for his retail trade. Verily coals must be sent to New Castle.

## EMERALD GROVE.

—Decoration day will be observed here as usual. The officers are, A. G. Ransom, President; Dr. C. L. Crandall, Marshal; Rev. G. S. Hulse will deliver the oration. A large committee on flowers have been appointed. They will meet at the school house at 9 o'clock a. m., the 30th instant.

The exercises will be held on the grounds of the cemetery if the weather is pleasant, if not in one of the churches at 2 o'clock p. m.

—The meeting of the temperance organization last Sunday evening was a success. After a good and instructive lecture from Rev. W. T. Miller a pledge was produced. Fifty-two names were signed and have taken the blue ribbon.

—H. S. & A. E. Joiner, the well known breeders of thoroughbred Suffolk hogs, have sold and shipped recently pigs eight or ten weeks old for ten dollars each to the following parties: W. A. Gilbert, of Waukesha, one boar. Mr. Kelly, of Milton, one boar. O. P. Filer, Parkersburg, Iowa, one boar and two sows. They have several orders ahead for pigs as soon as they are old enough.

—J. C. Fowler, the Indian doctor, has fitted up an office for himself in the old Stone store.

## UNION.

Corn is about all planted and some of it coming up.

About the usual amount of tobacco will be planted in this vicinity this year.

—W. H. Johnson and wife are going to start for the West with a company of Evansville folks. Mr. Johnson has been out of health for over a year, and expects that "roughing it" through Minnesota and Dakota and back will make him rugged and healthy. He has the best wishes of his friends.

—The case of the State vs. Walter Lawrence was still on trial. The prosecution closed yesterday and the defense made a motion that the prisoner should be discharged. This motion was denied this morning, the Court refusing to sustain it, and the trial proceeded.

A number of witnesses on the part of the defense were examined, and an effort made by the prosecution to impeach one of them. The case is still in progress, and will not probably reach a verdict before to-morrow.

out of health for over a year, and expects that "roughing it" through Minnesota and Dakota and back will make him rugged and healthy. He has the best wishes of his friends.

—Miss Josie Sweet has gone to Minnesota party for her health.

—Choir meeting as usual on Saturday evening. It is desirable to have all the members present.

—Mrs. S. S. Clark has arrived from Kan-

sas where she has been visiting for over a year.

—A certain young man in this village is about ready to accept one of two con-

clusions; either that her fruit was not made to carry in his pantaloons pocket, or that his pantaloons pocket was not made for the purpose of carrying her fruit. Said young man is certain that he did not overload. He says that he tried to carry six only in each pocket.

—Send in your items of interest to jotter,

box 31, Union, Wis.

## CITY NOTICES.

The Gem of the Toilet.

The world says is Sozodont. It renders the teeth perfectly white, gives the breath a fragrant odor, extinguishing the ill-humors which usually flow from a bad and negligently set of teeth. Sozodont is so convenient, and produces a sensation at once so delightful that it makes it a pleasure to use it.

—Spalding's Glue will mend your ways.

## LOCAL MATTERS.

Ladies and Gentlemen will always find the nicest and cheapest Box and Staple Stationery in the city and Sutherland's Bookstore, No. 59 Main street.

76march20
